DINING & LOUNGE BAR

Glass
DINING & LOUNGE BAR

Wine speaks to all the senses:

The eyes behold the colour, tone, and shade.

The nose, the bouquet, the fingers and lips caress the cool crystal.

The ears delight in the subtle swishing of the liquid.

The tongue rejoices in the reward of a rich harvest.

Sommelier / GM: Gary Petzer

The Coravin® was introduced to the world in 2004 by American inventor Greg Lambrecht. He had set out to create a device that would allow its user to have a glass of wine from a bottle without ever opening it, keeping the rest of the wine from deteriorating. With a background in the medical technologies sector and also nuclear engineering, Lambrecht was well equipped in approach-ing such a task. The Coravin® works by driving a medical-grade needle through the cork of the bottle and then injecting 99.9% pure argon gas. The pressure created by the buildup of gas in the bottle forces the wine out through the Coravin®. Once the wine is served, the needle slides back out and the cork closure will re-seal itself. The inert nature of the argon gas in the bottle keeps the wine protect-ed from deterioration and is good to hold for even a few years! We use the Coravin® to access all the wines that we serve by-the-glass, as well as the wines on our pairing. We are confident that every glass of wine we serve to you will be as good as the first one!

PREMIUM FEVER TREE TONICS

All 5.0

Indian Tonic - *By blending natural botanical oils with spring water and the highest quality quinine from the 'fever trees' of the Democratic Republic of the Congo, a delicious, natural, award winning tonic has been created with a uniquely clean and refreshing taste and aroma.*

Recommended with any of your favourite gins

Light Indian Tonic - *This naturally light tonic water combines citrus, aromatic botanicals, soft spring water and a small amount of fruit sugar to create a delicious, crisp taste balanced by the bitterness of natural quinine. With 58% fewer calories, this is the world's first all-natural, low calorie tonic water.*

Recommended with Tito's vodka, only 4g of sugar and gluten free

Mediterranean Tonic - *With almost champagne like bubbles, this tonic was created to accompany the finest citrus and herbaceous gins. A blend of the essential oils from the flowers, fruits and herbs that are gathered from around the Mediterranean shores with the highest quality quinine from the 'fever trees' of the Democratic Republic of the Congo. The result is a uniquely delicate, floral gin and tonic, when paired with citrus and herbaceous gins.*

Recommended with any citrus & herbaceous gin like Bombay Sapphire

Aromatic Tonic - *This tonic was created to enhance juniper-rich and robust gins. The gentle bitterness of South American angostura bark has been blended with aromatic botanicals such as cardamom, pimento berry and ginger. The result is a uniquely refreshing aromatic flavour with fresh citrus notes. It makes the perfect Pink G&T when paired with juniper rich gins.*

Recommended with any juniper rich & robust gin like London Dry

Elderflower Tonic - *The bright, fresh aroma and taste has been created by carefully blending the essential oils from handpicked English elderflowers with the highest quality quinine from the Democratic Republic of the Congo. Enjoy with fresh and floral gins or as a refreshing drink on its own.*

Recommended with fresh and floral gins like Hendricks or Botanist
